

BRAND GUIDELINES

NEUFORM

PROJECT
STUDIO

Logo: Primary

The hero logo.
Do not alter by any means.

Centre align wherever possible
otherwise left/right align.

For main hierarchy: vertically
position in centre of page at a
medium scale.

For less hierarchy: vertically anchor
to page at the bottom at a small
scale.

Use at a small to medium scale only.
See in application pages for
examples.

The image shows the word "NEUFORM" in a large, bold, orange, sans-serif typeface. The letters are evenly spaced and centered horizontally. The 'O' is a simple circle, and the 'M' has a distinctive shape with a vertical stroke on the right.

Logo: Secondary

The initials monogram.

Use at a small scale only.

Use in headers or footers, in the corner of a page, or in contexts where space is small like profile images.

PANTONE: 11-0601 TPX

Colour Combinations

Only use the colour ways shown.

To achieve the impact the brand deserves, the contrasting effect of Boxer Black and Papaya be used as the primary colour way.

Avoid using Papaya in large overbearing doses. Only use as a background colour very occasionally to purposely draw the eye and break up rest of content.

FOOTNOTES, CONTACT DETAILS AND FOOTER CONTENT CAN BE WRITTEN WITH THIS LOREM IPSUM.

Photography

PHOTO TREATMENTS

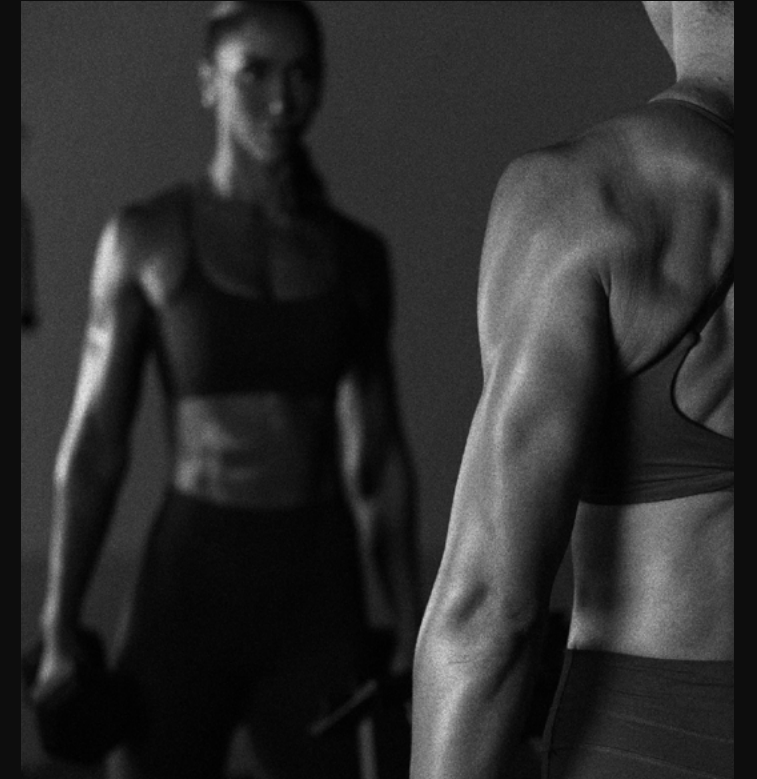

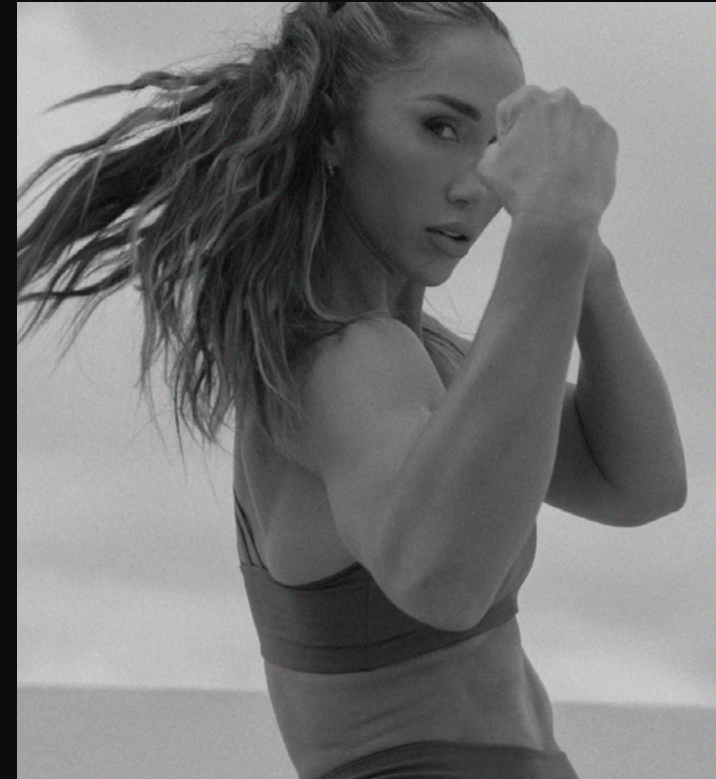

- Soft gain
- Black and white
- For a more impactful effect, add a motion blur to half of the image.

DO

- Show Chontel and her personality shining through
- Utilise cropping to focus on the shape and form of the human body
- Use the 'imperfect' shots, show the genuineness.
- Show emotion, the happy, the tough moments and everything in between.

DONT

- Use vibrant/saturated imagery
- Use overly staged/posed/perfect content

Campaign Application

Examples of how the branding will come to life to visually communicate the personality and messaging of NEUFORM.

Break up photography heavy components with creative graphics such as a 'sign up FORMS' that convey the a motivational commitment in a fun way.

Use app store logo to link with the action of downloading.

Centre justify alignment of text where applicable.

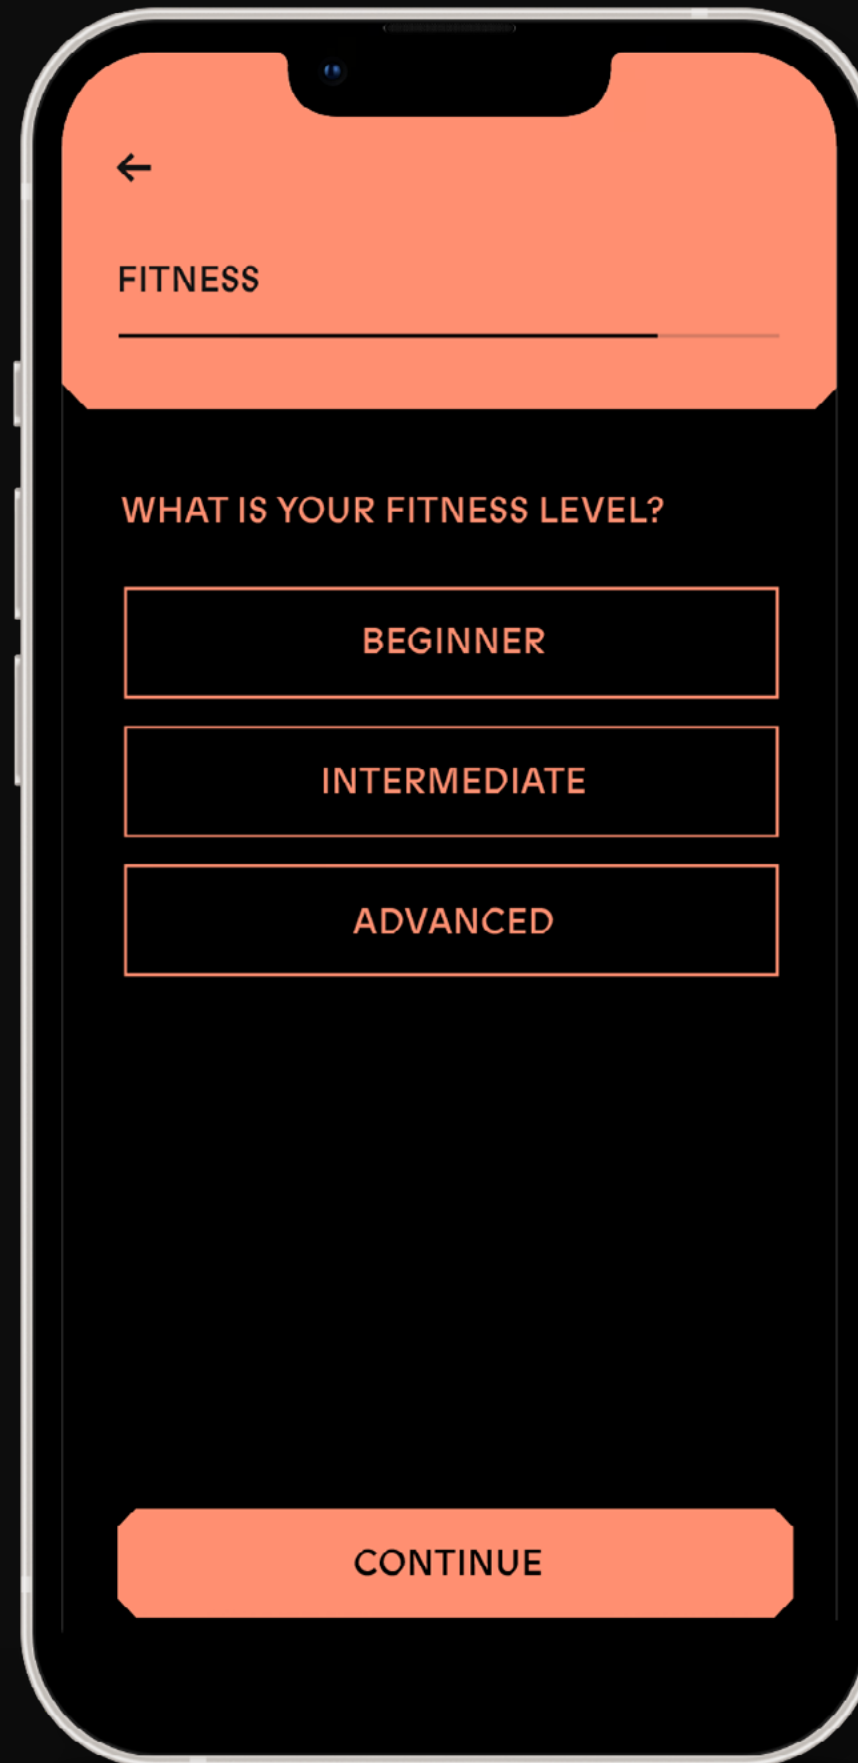

App Look+Feel

DO

- Maintain lots of breathing room and clear space
- Use black backgrounds
- Use the rectangle, crisp and sharp edge shapes of the brand
- Use simple and user friendly UI/UX
- Create an engaging experience the user wants to return to
- Stick to hierarchy

DONT

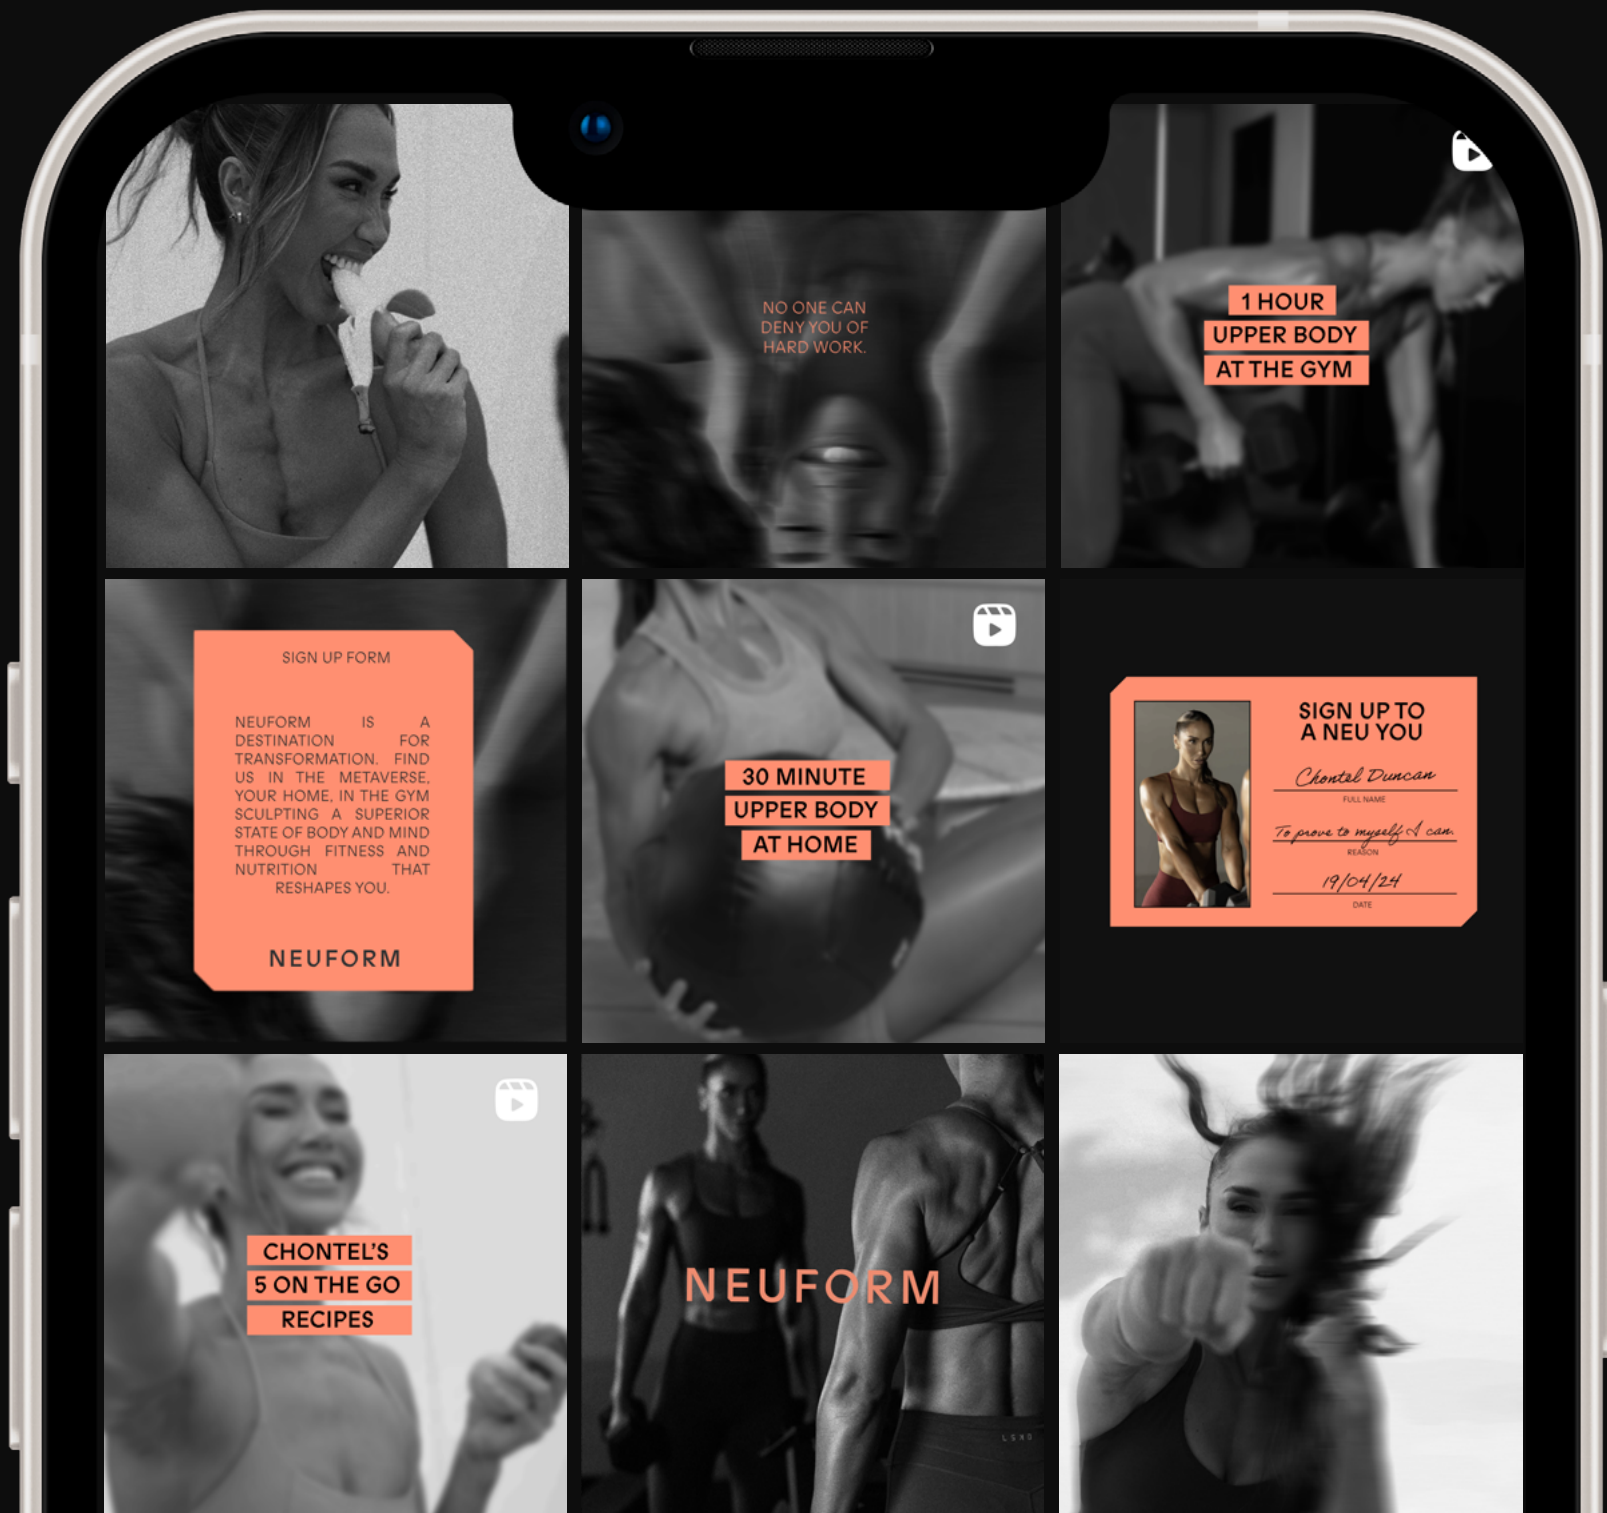

- Use too many styling elements
- Use saturated imagery
- Gloss over the small things. Keep it high quality always.

Social Media Look+Feel

DO

- Use a mix of reels/videos, graphics, and photos.
- Stick to black and white photography for consistency, high impact and feel
- Use creative graphics that embody NEUFORMs personality
- Use authentic photos allow Chontel's personality to shine
